BROOKLYN

"New York City's Greatest Borough"

The facts and statistics of Brooklyn's industrial and commercial development, as well as its community of homes, well justify its slogan of "New York City's Greatest Borough". Besides including the geographical center of the city, Brooklyn is also the most populous of all the boroughs.

Originally, Brooklyn was a group of small Dutch settlements which survived despite frequent attacks by Indians. It was largely agricultural until permanent means of transportation and communication were established across the East River. The borough played a prominent part in the American Revolution and in other wars in which this country was engaged.

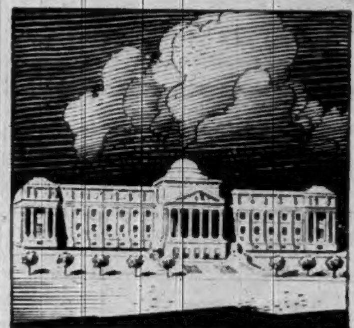

Today, Brooklyn, besides being known as a city of homes, is the nation's foreign trade center, one of its largest and most varied industrial communities, and a commercial establishment outranking all but a few of the country's cities. Yet, despite its huge size, its position entitles it to look forward to a greater and even more important growth in the future.

Parcels—Rates and conditions vary to different countries; call at Post Office.

AIDS TO PROPER MAILING

Write name and address plainly and completely.
Place name and address of sender on all mail matter.
Prepay postage fully.
Use card and number in return address on your envelope and also letter heads.
Always address mail for city delivery to street and number, and request correspondents to do likewise.
Use designation of North or South, West or East when it is a proper part of the address and save delay in delivery.
Insure valuable property.
Wrap parcel post carefully in heavy paper, and tie knots securely.
Do not use cards or envelopes smaller than a Government Postal Card.
Avoid the use of the word "City" as a part of the address. It may result in delay.
Avoid abbreviations of state names; Pa., Va., and La., frequently look very much alike when written. It is difficult to distinguish between Me., Mo., and Ind., or Cal., and Col. The abbreviation recommended for Colorado is Colo., and for California is Calif.
YOU WILL OFTEN GAIN A DAY'S TIME IN DELIVERY BY DEPOSITING MAIL AS SOON AS IT IS READY.
Pamphlets showing the hours "Mails Close" at the post office, and the time in transit between all of the large cities in the United States, may be had upon application to the Superintendent of Mails.

FRANK J. QUAYLE, JR., Postmaster

Index of Classified Headings

HOW TO USE THIS INDEX—

1. To find listings under any classification shown in this index, turn to the page number shown. If a cross reference is shown instead of a page number, look in the directory under the alternate heading.
2. For your convenience in finding specific headings in the index, about three headings in each column are printed in larger type.
3. To simplify the index, general classifications only are shown in many instances and additional specific classifications or subdivisions of the business will be found in the body of the book at the page number shown in the index. Example—the heading of "Publishers" in the index covers "Publishers—Book," "Publishers—Newspaper," "Publishers—Periodical," etc.
4. If you can't find what you want, call "Buyer's Service, MUrray Hill 4-7000."

Just like ABC *to use this book*

1. When you want to buy something . . .

Suppose, for instance, it's a refrigerator—just do this.

First find "Refrigerators" on the "R" pages.

Then pick out the dealer who interests you most, or who handles the kind of refrigerator you want, or whose location is convenient to you.

You can use the directory in exactly the same way, whether you want a beauty shop, or a carpet cleaner, or a florist, or a plumber, or when you want to buy hundreds of other products or services.

Or . . . if you are a purchasing agent, and want to buy one sign or 1,000 signs—it is just as easy.

First find the "Sign" classification on the "S" pages.

Then you are on Main Street in the sign business; now, just pick out the sign company that appeals to you.

You will find this book helpful in buying almost every other business product or service.

2. When you want a dealer of a trade marked product . . .

Suppose you want to find a dealer for a nationally known product or service, such as "Plymouth" automobiles.

First turn to "Automobile Agencies" on the "A" pages.

Then select your dealer from the list of automobile agencies. It is just as easy as using a dictionary.

3. When you have forgotten a business firm's name . . .

Occasionally you may forget a business establishment's name but remember the location. For example, you want the radio man at West Main Street.

Simply turn to the "Radio" classification.

Here you will find the radio people, and then all you have to do is look for the address which is familiar to you.

4. When you have forgotten part of a name . . . but remember the address . . .

Frequently the full name of a firm is forgotten. For example—suppose you want a laundry and all you remember is that the firm has the word "Individual" in its name.

First turn to the "Laundries" section on the "L" pages.

Here you will find the laundry companies and a brief look through the names listed will reveal the company you are looking for.

5. Even when you know the name . . .

In looking up names you know, the Classified will frequently help you. Suppose you want to telephone Smith, the plumber. All the plumbers are listed in the Classified at the classification of "Plumbers" on the "P" pages, and it is usually easier to find your Smith among the few listed in the "Plumbers" section than in the long list of Smiths in the Alphabetical Directory.

IF YOU CAN'T FIND what you want—call MUrray Hill 4-7000 (The Reuben H. Donnelley Corporation) and ask for "BUYERS' SERVICE." They will be glad to tell you where you can obtain it.

HERE'S a pleasure you'll Enjoy—

There is something really exciting about telephoning someone far away. It's hard to describe in words — you need to experience it.

Just try it some time soon when there's a birthday to remember—a lonesome boy or girl away at school or camp—a long spell between personal visits to the folks back home.

And there's this extra inducement—Long Distance rates to most places are reduced every night after 7 —and all day every Sunday.

It's Easy to Keep Close to Friends

WHEN YOU HAVE A TELEPHONE AT HOME

But that's only one of the ways a telephone can help you. It will run your errands, save shopping trips in bad weather. And in an emergency—just one telephone call for help in a hurry may be worth the cost of a telephone for life. You can order your telephone at any Business Office. New York Telephone Co.

"AT YOUR SERVICE"

ASK
your Architect—

to make provision—*in the plans*—for telephone conduit (inexpensive ordinary pipe) to be placed in the walls when you build. Then you can have modern telephone outlets where you want them. There will be no exposed wiring on base boards or moldings to mar the appearance of your rooms.

After the house is completed, wall insulation, fire stops, and concrete construction may make it impossible to run telephone wiring through walls.

Call the Business Office for complete information. New York Telephone Company.

Many More Women

HAVE DISCOVERED THE MAGIC

in the words SHOP BY TELEPHONE

The things now being ordered by telephone include practically everything in the home. Every day busy women order their groceries, meats, vegetables and drugs this easy way. And a great many women have found it just as easy to order many other things by telephone.

When the weather's bad, or you wish you could rest instead of going out—let your telephone be your errand boy! You'll find your money goes just as far—and you'll have more time for yourself. New York Telephone Company.

THIS TRADE MARK GUARANTEES

GENUINE NAPHTHA CLEANING

Why Naphtha?

. . because cleaning in NAPHTHA preserves original beauty and lustre of Oriental and Domestic rugs.

RUGS are drenched for hours in distilled naphtha. Stains dissolve. Dirt and dust are gently removed by continual rinsing in thousands of gallons of naphtha. Cleans surface, pile and back. Destroys moth eggs. It does not remove the natural oils in rugs. Leaves the threads strong and full of life. Colors are restored to their warmth and beauty.

Also, we DRY STEAM every rug and carpet to raise crushed pile. All domestic rugs and carpets resized to insure against limpness.

A naphtha cleaned rug or carpet retains its life and body.

'blue coal'

"America's Finest Home Fuel" Costs No More Than Ordinary Coal.

Koppers Coke

A refined fuel made for home heating. Saves work - saves time - saves money.

The Electric Furnace-Man
AUTOMATIC ANTHRACITE BURNER

Fits in any furnace. Automatically feeds coal from bin to burner, removes ashes, and regulates temperature. Uses Rice size coal costing 25% to 75% less than other fuels.

PLANNING A HOME?

Architects say it's a good idea to specify Concealed Telephone Wiring. It costs little, makes it easy to add future telephones and helps the artistic appearance of the home. For full information just call the Business Office (Dial "811") and ask for "Architects and Builders Service."

DANCE LESSONS
COST NO MORE AT
ARTHUR MURRAY'S

THIS famous school of dancing has become a New York tradition. Arthur Murray's pupils include many people from our best families — smart young debs, society leaders, well-known business and professional men. Here they not only learn how to dance well, but later on return again and again to keep their dancing modern.

In Arthur Murray's pleasant studios you can quickly become a popular, interesting partner, though you may know little or nothing about dancing. His talented, expertly-trained staff has taught thousands of awkward individuals to dance rhythmically, faultlessly.

A few lessons are all you need. And you'll be astonished how little it costs. Rates were never lower. Why not call today for the interesting dance analysis offered *without charge?* Air-conditioned Studios open daily till 10 P.M. MU rray Hill 2-4647.

11 EAST 43rd STREET, MANH.

LEARN TO DANCE

ANYONE can learn to dance beautifully—lead expertly—follow easily.

ANYONE can become a popular partner! It's easy when you know how!

Waltz, Foxtrot, Rhumba, Tango, Conga, Peabody and Lindy Hop taught privately at Brooklyn's leading studio.

BEGINNERS A SPECIALTY

We invite you to come in any time and see for yourself! In fifteen minutes of actual demonstration you will learn more about dancing than in a lifetime of watching and wishing. Experienced teachers bring your dancing up to date . . . improve your lead . . . perfect your rhythm.

LOW RATES . . . OPEN 1 P.M. TO 10 P.M. DAILY

EVEN IF YOU'RE A BEGINNER... IN 5 DAYS
You Can Become a Good Dancer

We teach Conservative dancing only — no jitterbug — no extreme styles. No matter how little you know about dancing, 5 days is all the time it takes one of our talented teachers to make you an expert dancer. And rates are lower than in years. Learn to dance correctly and acquire rhythm, poise — all the newest steps. Partners will then welcome the pleasure of dancing with you. Try a private trial lesson and see how quickly and easily you will learn.

Wondering how Mother and Dad are? Is it a long while since you heard from Aunt Frances? Would you like to hear the voice of Jack or Jane?

Just pick up your telephone! You're there in a jiffy.

And at such little cost—you'll be pleasantly surprised ... Long Distance rates are bargains to most places every night after 7 p.m. and all day Sunday.

Doctors

See Specific headings, such as Physicians & Surgeons M.D., Chiropractors, Dentists, Osteopathic Physicians, Veterinarians, Physio-Therapists, Etc., Etc.

The Classified Directory (Yellow Pages) shows you "Who Sells What You Want to Buy."

THE *Modern Home*

...makes provision for "Concealed Telephone Wiring" *in the plans.*

1. A simple conduit (pipe) is installed inside the walls at the time your home is being built.
2. Your telephone wires are run through this piping to outlets in rooms where you wish telephones.
3. No exposed wiring need show on walls or baseboards.
4. Yet the cost of this feature is low.

For further information just call the Business Office (Dial "811") and ask for "Architects and Builders Service".

Busy signals make customers go elsewhere to buy. Let us check your line to see if your customers are getting too many "busies"!

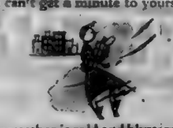

Shop by Telephone

when there are children to take care of and you can't leave them alone—or take them with you—

when there seems to be no end to housework and you can't get a minute to yourself—

when the weather is cold and blustery and you'd rather stay indoors than go shopping—

—when streets are slippery and it's a lot of trouble getting the car out and parking—

Pick up your telephone and bring the stores to your door. Storekeepers are anxious to please and you get the same good values.

When your name is in the telephone directory, your friends can reach you quickly and easily for chats and invitations. It probably costs less than you thought to have a telephone at home!

UPSTAIRS
DOWNSTAIRS
UPSTAIRS

and so it goes, too often for the busy housewife when the telephone rings downstairs—while she's busy making beds or sewing upstairs.

It pays to conserve your energy. That's one reason why it's a good plan to have an extension telephone upstairs.

Then, if you're upstairs—and the telephone rings downstairs—just pick up the extension and get your call. It gives added protection in emergencies—at times when you'd give almost anything to have a telephone within arm's reach.

Costs only 2 cents a day. To order—just call the Business Office.

It's Easy to Keep Close to Friends

WHEN YOU HAVE A TELEPHONE AT HOME

But that's only one of the ways a telephone can help you. It will run your errands, save shopping trips in bad weather. And in an emergency—just one telephone call for help in a hurry may be worth the cost of a telephone for life. You can order your telephone at any Business Office. New York Telephone Co.

Closed Sundays and Holidays

Why let "Mere" Distance keep you from the folks back home—

WHEN IT COSTS SO LITTLE TO TELEPHONE

It may be hundreds of miles to Mother and Dad . . . so far away that you just don't know when you'll have the time or money to visit them.

The telephone solves that problem. There's something about a call of this kind that's almost as invigorating as though you opened the front door, walked in and surprised them.

And remember—you can call most places at reduced rates every night after 7 and all day every Sunday.

BAD WEATHER!

Yet Business is Good!

What if rainy days keep customers from coming into your store in person! If you have a telephone they can call you up. And even on clear days many people prefer to order by telephone—especially when they're too tired to go out, or have to stay with the children, or for some other reason can't leave the house.

We will be glad to show you how you can build up a good telephone business. Just ask the operator for the Business Office and have them send a representative around with information.

If Mother and Dad live too far away to visit often—talk to them by telephone. Long Distance rates to most places are reduced after 7 p.m. and all day Sunday.

Do good friends live a long way off? Talk to them by telephone. You'll almost feel as though they were right beside you!

Why wonder about the weather?

Just call WEather 6-1212 for the latest UNITED STATES WEATHER BUREAU FORECASTS for New York and vicinity.

The cost from message rate telephones is only one local call, from all other telephones—only five cents.

Call WEather 6-1212 any time . . . day or night

TELEPHONE *the* NEWS!

Why keep good news a secret—when it's so easy—and costs so little—to share it by telephone? Rates are low—even if you don't take advantage of the reduced Long Distance rates which are in effect to most places every night after 7, and all day every Sunday.

It's Easy to Keep Close to Friends

WHEN YOU HAVE A TELEPHONE AT HOME

But that's only one of the ways a telephone can help you. It will run your errands, save shopping trips in bad weather. And in an emergency—just one telephone call for help in a hurry may be worth the cost of a telephone for life. You can order your telephone at any Business Office. New York Telephone Co.

LOANS ON THE "FIT-YOUR-BUDGET" PLAN

YOU CAN BORROW $20 TO $300 IF YOU CAN MAKE SMALL PAYMENTS

No endorsers required. Quick, friendly service . . . No credit inquiries of friends or relatives.

• All you do to get a Household Finance loan is tell us your needs. No stocks, bonds, or other bankable security required. Just your ability to make regular monthly payments. Loans made on furniture, car or note. No questions regarding your credit are asked of friends or relatives. You get the money you need in a simple, private transaction. There are 10 repayment plans from which you may choose—from 2 to 20 months to pay. You may make small payments if you wish. Or you may pay larger installments and pay up sooner. Phone or visit us for further information, without obligation.

ASK *your Architect*—

to make provision—*in the plans*—for telephone conduit (inexpensive ordinary pipe) to be placed in the walls when you build. Then you can have modern telephone outlets where you want them. There will be no exposed wiring on base boards or moldings to mar the appearance of your rooms.

After the house is completed, wall insulation, fire stops, and concrete construction may make it impossible to run telephone wiring through walls.

Call the Business Office for complete information. New York Telephone Company.

LOANS

You get CASH-plus when you borrow at *Personal*

These "pluses" have helped us become the largest loan company in New York:

✚ **LOAN SPECIALISTS**—Because making personal loans of $20 to $500 is our full time business, we often are able to arrange loans that would be impossible elsewhere.

✚ **MINIMUM SECURITY**—We make loans on your signature or upon your furniture or auto (without involving your boss or anyone else). Husband and wife usually sign together.

✚ **PRIVACY**—Our new Application Form asks only about your identity and your ability to make small monthly payments. No revealing questions are asked of your employer, relatives or friends.

✚ **ECONOMY**—You are not charged *in advance* for a set length of time—you pay only for the number of days you use the money.

✚ **CONSIDERATION**—*Personal* will meet you more than half-way if an emergency arises after you get your loan and you need extra money, or a new loan plan.

Many More Women

HAVE DISCOVERED THE MAGIC

in the words SHOP BY TELEPHONE

The things now being ordered by telephone include practically everything in the home. Every day busy women order their groceries, meats, vegetables and drugs this easy way. And a great many women have found it just as easy to order many other things by telephone.

When the weather's bad, or you wish you could rest instead of going out—let your telephone be your errand boy! You'll find your money goes just as far—and you'll have more time for yourself. New York Telephone Company.

HERE'S a pleasure you'll Enjoy—

There is something really exciting about telephoning someone far away. It's hard to describe in words — you need to experience it.

Just try it some time soon when there's a birthday to remember—a lonesome boy or girl away at school or camp—a long spell between personal visits to the folks back home.

And there's this extra inducement—Long Distance rates to most places are reduced every night after 7 —and all day every Sunday.

IT'S WONDERFUL TO TALK TO YOU!

PLANNING A HOME?
Architects say it's a good idea to specify Concealed Telephone Wiring. It costs little, makes it easy to add future telephones and helps the artistic appearance of the home. For full information just call the Business Office (Dial "811") and ask for "Architects and Builders Service."

It's Easy to Keep Close to Friends

WHEN YOU HAVE A TELEPHONE AT HOME

But that's only one of the ways a telephone can help you. It will run your errands, save shopping trips in bad weather. And in an emergency—just one telephone call for help in a hurry may be worth the cost of a telephone for life. You can order your telephone at any Business Office. New York Telephone Co.

Why bother neighbors to use their telephone or deliver your messages when it is so easy to have your own telephone?

PLANNING A HOME?

Architect today it's a good idea to specify Concealed Telephone Wiring. It costs little, makes room for added future telephones and helps the artistic appearance of the home. For full information just call the Business Office (Dial "011") and ask for "Architects and Builders Service."

A little money goes a long way by Long Distance after 7 p.m. and

All day Every Sunday

Why wonder and worry how things are at home—if it's too far for you to go in person. Why wonder and worry how children are faring at school. Why wait anxiously for days for replies from Mother and Dad.

Why not reach for your telephone and set your mind at ease. It's so inexpensive to travel on Long Distance too.

A FAIRBANKS-MORSE
Automatic Coal Burner
Does four things for your ...
1. It enables you to use low-cost, high-heat fuel—... buckwheat or rice.
2. It feeds and burns coal completely, automatically.
3. It triple-controls your heat - by boiler-control and room temperature.
4. It pays for itself out of savings.

Will your out-of-town friends be home when you call? Why not telephone them first and make sure?

COMMUNICATION SERVICES
That Help Your Business

Here are just a few of the modern telephone arrangements and services that can put more speed and efficiency in the office.

Telephone Systems
Any communication problem you may have can be solved by one of our many telephone systems.

A call to the Business Office will bring a representative who will be glad to study your needs and at no cost to you recommend the service best suited to your individual requirements.

Teletypewriter Service
Flashes written messages over telephone wires between various branches, factories, or office departments whether in the same building or across the continent.

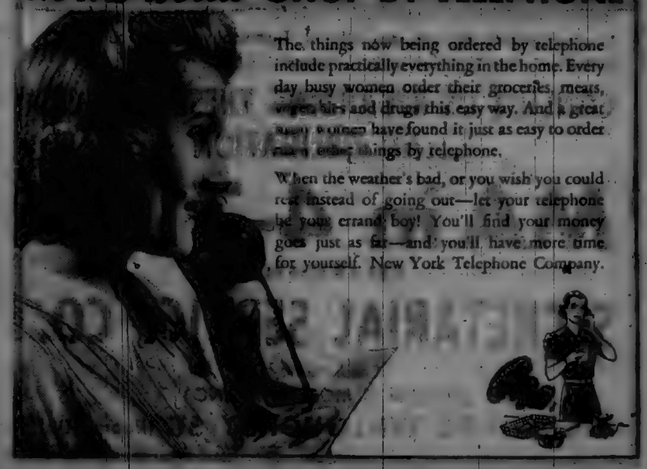

Telephone Convenience Aids
These aids make it possible for your secretary or office associate to answer your calls when you are out of your office or away from your telephone—let you hold a call on one line while you make or receive another call on a second line. Additional features to meet your individual needs are also available.

Telephone Order Equipment
Speeds the work of order takers and other employees who handle a large number of telephone orders, complaints, inquiries, and calls on other matters with customers and prospects.

For complete information on these or other telephone services, just call the Telephone Business Office.

Many More Women
ARE DISCOVERING THE MAGIC
in the words **SHOP BY TELEPHONE**

The things now being ordered by telephone include practically everything in the home. Every day busy women order their groceries, meats, vegetables and drugs this easy way. And a great many women have found it just as easy to order many other things by telephone.

When the weather's bad, or you wish you could rest instead of going out—let your telephone be your errand boy! You'll find your money goes just as far—and you'll have more time for yourself. New York Telephone Company.

WHY not enjoy the comfort and convenience of an extension telephone beside your bed—in the kitchen or living room?

2¢ a day is all an extension telephone now costs.

Just call the Business Office to order.

TELETYPEWRITER SERVICE *SPEEDS* BUSINESS

Teletypewriter service flashes written messages over telephone wires between various branches, factories, or office departments whether in the same building or across the continent.

With this service, as many teletypewriters as you wish can be connected, and a message typed on one will be printed simultaneously on the others—in clear, legible type. Just telephone the Business Office and a representative will be glad to call and explain how this service can help you.

PLANNING A HOME?

Architects say it's a good idea to specify Concealed Telephone Wiring. It costs little, makes it easy to add future telephones and helps the artistic appearance of the home. For full information just call the Business Office (Dial "811") and ask for "Architects and Builders Service."

THE *Modern Home*

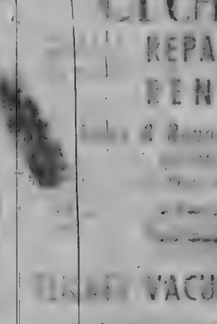

makes provision for "Concealed Telephone Wiring" *in the plans.*

1. A simple conduit (pipe) is installed inside the walls at the time your home is being built.
2. Your telephone wires are run through this piping to outlets in rooms where you wish telephones.
3. No exposed wiring need show on walls or baseboards.
4. Yet the cost of this feature is low.

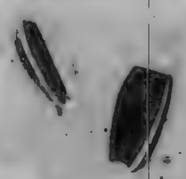

For further information just call the Business Office (Dial "811") and ask for "Architects and Builders Service".

and so it goes, too often for the busy housewife when the telephone rings downstairs—while she's busy making beds or sewing upstairs.

It pays to conserve your energy. That's one reason why it's a good plan to have an extension telephone upstairs.

Then, if you're upstairs—and the telephone rings downstairs—just pick up the extension and get your call. It gives added protection in emergencies—at times when you'd give almost anything to have a telephone within arm's reach.

Costs only 2 cents a day. To order—just call the Business Office.

Here's a Thrill you will enjoy

Getting a telephone call from a friend or relative you care about is like nothing else in the world. No matter how many miles separate you, when you hear that well-known voice, so clearly, it seems almost as though you were face-to-face once more!

No wonder so many families use the telephone to keep close together—for friendly little chats—to pass along good news—to remember birthdays and other special occasions.

Try it and you'll enjoy this thrill that costs little, especially after 7 p. m. every evening and all day every Sunday when the reduced Long Distance rates are in effect to most points.

Say it! Write it! TELL THE WORLD!

"THERE'S NO WAY LIKE THE *American Way*"

Hopefully Ever Ready last August devoted this space to a re-statement of the Bill of Rights — the difference between our country and others. Everywhere, those who believe in our kind of government have taken up the cry: There's No Way Like The American Way!

In response to insistent demand the Ever Ready message of last summer has been reproduced in a handsome four-color embossed plaque, size of this full page.

★Write for one to hang in your office, home or school. Send 10c in coin or stamps to cover printing and mailing. 100 assorted patriotic stickers will be included, free!
